

# Homeschool How-To's One-of-Everything Deal

Nearly half off! Save \$150<sup>00</sup>+  
That's a huge discount of our already low prices!  
\$350+ value, but it's yours for \$199.00 + s/h

Read one or two a week and you'll have a year's worth of inspiration! These 89 Homeschool How-To items by Rénee Ellison are rich in substance, are quickly digested, and they really *work!*

This special deal includes one of nearly everything we ourselves produced: Zoom-Type (with CD), Quick Piano (with CD), Character Traits coloring book (along with both the audio CD and the PDF files CD), and one of each of our articles (which are arranged in the box in item number order, as per on the order form). Our CDs and CD/DVD sets are additional, as are the Bach novel and the Needak rebounder.

We include the printout of our #52, Academic Checklist, at the top of the stack in this box (along with our full catalog) because it serves as a sort of guide to how the Homeschool How-To materials (mentioned in italics in parentheses on one side of the Academic Checklist) fit into the overall scheme of home education.

**Itemized list of contents of the Deal. Unless otherwise noted, each item is a printed book or booklet.**
